Outline Plans For Road Work In Southwest Area

Great activity in highway building, and preparation for highway building thru the acquisition of right-of-way, is seen for the southwest area this year, according to official sources.

Funds have been earmarked for construction of FAI-80 from Harlem ave. to the Tri-State tollway and additional lanes on Kingery Expressway as a part of the I-80 picture.

The state is to acquire right-of-way for I-80 from Harlem to the Tri-State.

Cook county will also be in the business of obtaining right-of-way for future construction, including U.S. 30 from Harlem to Cicero ave. and from Cicero to Division st., in Chicago Heights. Also included is right-of-way for the future re-location of Harlem ave. from 143rd to 167 streets; from 167th to 183rd st. and at I-80.

Work was started last fall on an interchange between U.S. 30 and the proposed route of I-80 west of New Lenox. As far as can be learned, however, the state has not moved in the acquisition of right-of-way to permit work on grading for I-80 between Cook county and the eastern fringe of Joliet.

There is to be an interchange for I-80 on U.S. 45 in the vicinity of 182nd and New Lenox town and village officials and its Association of Commerce are striving to get an interchange with I-80 on N. Cedar rd. Such an interchange, they contend, would also serve to give a connection with the proposed north and south I-53 when it is built some years hence.

The cost of right-of-way for re-locating Harlem ave., which means that the thoroughfare will be continued straight on after passing 143rd instead of curving east to follow Oak Park ave. thru Tinley Park, is estimated at \$300,000 between 143rd and 167th, \$150,000 between 167th and 183rd and \$100,000 for the land at FAI - 80.

The cost of the right-of-way along U.S. 30 between Cicero and Division street in the Heights is estimated at \$40,000 and also \$40,000 for the stretch between Cicero and Harlem. The state is prepared to spend \$215,000 for right-of-way for I-80 from west of Harlem to west of Ridgeland ave., \$335,000 between Ridgeland and Kedzie and \$710,000 between Kedzie and Tri State tollway. Cost estimates for work of I-80 are given as follows:

Grading and paving from Harlem to Ridgeland, \$2,698,000; grade separation at Harlem ave., \$1,003,000; grade separation at Oak Park ave.,

\$372,000; putting up signs from Harlem to Ridgeland, \$38,000; lighting from Harlem to Ridgeland, \$170,000; utility adjustment from Harlem to Oak Park ave., \$32,000; grading and paving from Ridgeland to Central ave., \$1,472,000; signing from Ridgeland to Kedzie, \$130,000; lighting, Ridge-

Joliet People Seek Housing Site At Mokena

A meeting of the Mokena plan commission was held Monday night to listen to John Barten, an Orland Park real estate dealer, representing some Joliet developers who would build homes on the Abbe property, a 20-acre tract on School House road,

The commission did not make a recommendation following the session and is expected to discuss it later this week.

It is understood that there is opposition to the proposal in that the property discussed is included in the area designated for industrial use on the Mokena use map.

Barton said the tract would be cut up into lots with 80 feet frontage and approximately 60 homes would be built, ranging in price from \$18,000 to \$25,000.

At the last meeting of the village board the planning commission was authorized to sign the plat for the Village Green apartments, which are up and said to be occupied in part.

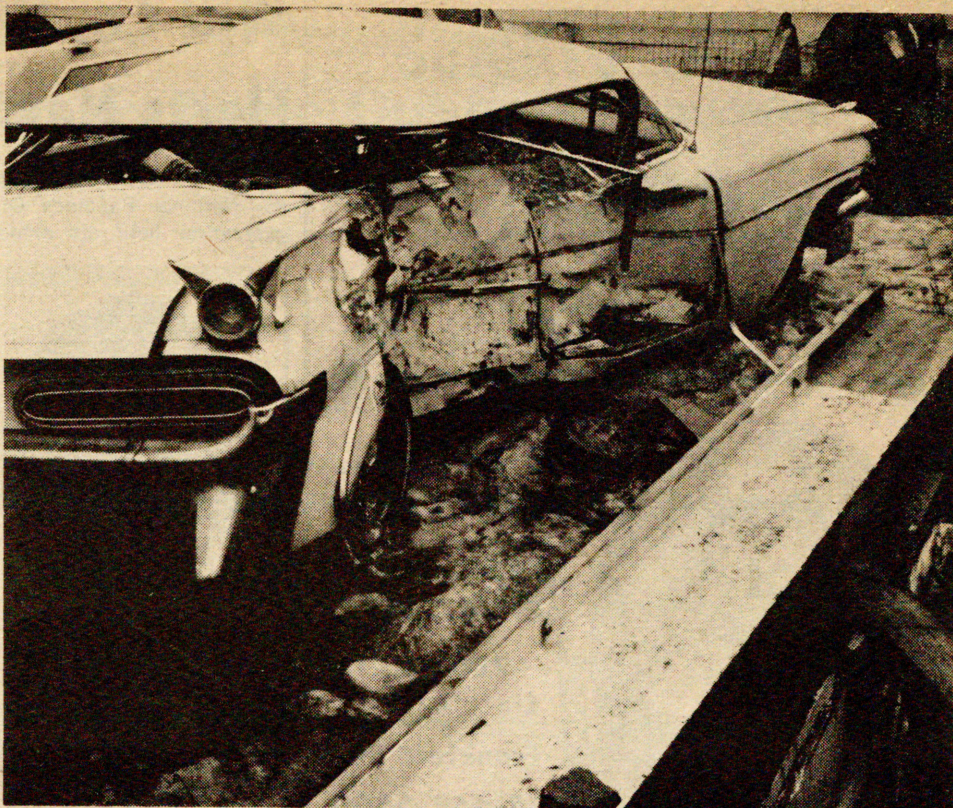

land to Kedzie, \$280,000; utility adjustment Ridgeland to Kedzie, \$145,000.

Grading and paving from Central to Cicero ave., \$1,070,000; grade separation at Cicero ave., \$320,000; grading and paving from Cicero to Kedzie, \$3,506,000; grade separation at 175th., \$452,000; grade separation at Crawford ave., \$314,000 grading and paving from Kedzie to Tri State tollway, \$1,408,000; grade separation at Kedzie ave., \$516,000; grade separation at tollway and west bound I-80, \$235,000; lighting from Kedzie to tollway, \$25,000; signing \$30,000, landscaping, \$103,000 and utility adjustment along Kedzie, \$42,000.

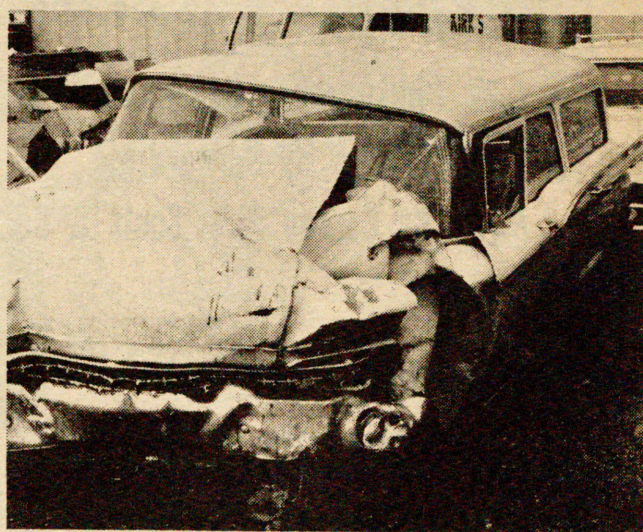

The estimated cost for those additional lanes on Kingery Expressway from the Calumet Expressway to the Illinois - Indiana line (that's part of I-80) is set at \$1,708,000, and for interchange, ramps and frontage road at 138th st. and Calumet Expressway, \$200,000.

A bascule bridge (a lift bridge with a counterweight to balance the rising part) is to be built over the Illinois waterway on Southwest Expressway (I-55) at Harlem ave. at an estimated cost of \$3,250,000.

Several grading and paving projects are scheduled for the west leg of the South Expressway, \$4,315,000 worth between 175th and 183rd, and \$1,416,000 between 175th st. and Kilpatrick ave. A grade separation at 183rd is estimated at \$452,000 a grade separation at 175th at \$492,000 and one at Cicero ave., \$681,000. An estimate for utility adjustment for Kilpatrick to Steger rd. is set at \$590,000.

TELLS STORY of fatal crash at Lincoln Estates Monday morning. One Frankfort girl, Peggy Lee Mark, was killed, and her companion and driver of one car, Karen Heichel, was injured. Miss Mark was sitting on the right side of the car that took the full impact of the collision. Ice was blamed. The Heichel car slid into the other lane and was struck broadside by the station wagon shown here with the left front end badly crushed. The station wagon was driven by Richard Swanson, of Park Forest. (Graphic Newspapers photo)

Funeral Services Today For Peggy Mark, 18, Crash Victim

Funeral services will be held at 2 o'clock this afternoon for Peggy Lee Mark, 18, of 220 Nebraska st., Frankfort, who was fatally injured in an automobile accident last Monday morning. She was the daughter of Mr. and Mrs. Walter Mark.

The services will be conducted at St. Peter's United Church of Christ with the Rev. LaVern Smith officiating. Interment is to be in Rosehill cemetery, Green Garden.

Miss Mark, a 1964 graduate of Lincoln - Way high school was a student in the Patricia Stevens Career college at Chicago and was enroute that city Monday when the accident occurred.

She was a passenger in a car driven by Miss Karen

Heichel, 20, also of Frankfort. The two girls were enroute the Illinois Central stop at Matteson where they intended to take a train into Chicago.

In rounding a curve near 78th ave. on U.S. 30 at Lincoln Estates, approximately two miles east of Frankfort, according to the report of state police the Heichel car slid on the ice into the west bound lane so that a west bound station wagon, driven by Richard Swanson, 24, of Park Forest, struck the car on the right, or passenger side. It was about 7:20 o'clock when the crash occurred.

It was believed that Miss Mark was instantly killed but she was pronounced dead officially at Silver Cross hospital. Miss Heichel was hospitalized and her condition reported satisfactory. Swanson apparently escaped serious hurt.

Miss Mark's body was taken to the Hirsch chapel at Tinley Park where there was visitation yesterday afternoon and evening and until 11 o'clock this morning when removal was made to the church, to lie there until the services this afternoon. Besides her parents --

her father operates the Mark grocery in Frankfort -- Miss Mark is survived by a brother, Richard, one sister, Connie, two grandmothers, Mrs. Nellie Mark, and Mrs. Dorothy Nunes, of Frankfort, and a grandfather, Lee Nunes of Niles.

WILL OPEN ALLEY

The Mokena village board is agreed that the alley between Carpenter and Third Streets should be opened to traffic. The request for the opening was made by Mrs. Ludwig Thiel who lives on Third st. There are some trees growing in the space that is slated for an alley and Trustee Hans Mueller is to have the trees removed and the alley made a useable roadway.

Will Co. NFO Chapter Elects New Officers

The Will County chapter of the National Farmers Organization held its annual election of officers on Wednesday, Jan. 20, at a meeting held in Sportsman's Hall, Manhattan.

Eugene Gaskin, of Lockport, was named president; Martin Blomberg, Washington township, vice president; Frank O'Connor, Jackson township, secretary, and Arthur Mark, Frankfort township, treasurer. Walter Szeplak, Lockport, was elected trustee for three years, and Robert Cockle, Wilmington, is a director. George Hadfield, of Wheatland, retiring president, installed the staff of officers.

Robert Bernhardt Troy, was appointed social chairman, and Mr. Gaskin will add the duties of public relations man to those of president.

Hadfield gave a report on the new livestock marketing procedure. More is to be reported on the subject at the next meeting, Feb. 17, at Sportsman's hall. The meeting is slated for 8:15 p.m. The grain bargaining committee member also will be elected at that time.

Cub Scouts Invite New Members; Just Make A Call

Cub Scouts of Pack 318, Orland Park, gave their parents opportunity to renew acquaintance with facts and figures in U.S. history thru their presentation of "The American Adventure Story" at the January meeting.

Members of Den 1 appeared dressed as some of the important men in the American Revolutionary War period. Den 2 presented their ideas on pioneers and Den 4 dealt with inventors and inventions.

Awards for achievements were given to the following boys:

Den 1, Gregg Venson, Don Bergin, Kevin Merwin, Steve Leider.

At last week's meeting the meat bargaining committee was chosen. Members are: Dean Paydon, Wheatland, chairman; Kenneth Fritz, New Lenox; Walter Szeplak; Richard Breen, Frankfort; and Jack Donohue, alternate, Wesley township.

Den 2, Joseph Henley, Charles Pupkiewicz, David Barber, Mark Johnson.

Den 3, Donald Ashley.

Den 4, Jeff King, James Lemmons.

Den 1 received the attendance award. To win this each boy must have a parent present. Cub scouting, it was pointed out, is a parent participation activity. If scouts and parents are not working together, it was said, joining in the festivities, the scout will be dropped.

Pack members will be participating in the Pinewood Derby (in which contestants carve out auto models from wood in March and in June there will be the Soap Box Derby).

Boys who would like to join the Cub Scouts may call Edward Pierce at 349-8441.

The annual Blue and Gold dinner is to be served in the Orland Park grade school at 6:30 p.m. Feb. 18, at \$1 a family.

NEW OFFICERS and committee members of the NFO chapter of Will county. Left to right: George Hadfield, Wheatland, junior past president, administering oath of office; Eugene Gaskin, president, of Lockport; Walter Szeplak, Lockport, meat bargaining committee; Dean Paydon, of Wheatland, chairman of that committee; Jack Donohue, Wesley, meat bargaining committee; Martin Blomberg, Washington township, vice president; Kenneth Fritz, New Lenox, meat bargaining committee and Frank O'Connor, Jackson township, secretary, Arthur Mark, Frankfort, treasurer, was at a National Farmers Organization meeting at LaSalle when this picture was taken.

TWENTY - ONE GIRLS have been recognized as dental assistants at a "capping" ceremony after completing a nine-month training course at the University of Illinois college of dentistry in Chicago.

So says a publicity release from that institution.

As we interpret this, the capping referred to here does not pertain to the process exercised by dentists in building up those glistening white gnashers that are exposed to the viewer when TV and screen stars give that big smile for the close-up cameras. The capping alluded to in this release deals with the distribution of caps of the same general pattern worn by nurses.

If any of these girls have an idea of a capping job for their teeth they had best wait until they are working in a dental office because then they should be able to get them at courtesy of the profession price. Capping teeth, they tell us is an expensive job if paying retail rates.

But with this cap on their head, and their white uniforms, and their white stockings and their white shoes one might take them for nurses. In fact some people do. But that is alright. Address such a gal as "Nurse" and the odds are rather one-sided that she won't correct you. Certainly she will not fight you.

IT DOESN'T say so in the release but it would seem likely that these girls would do well as grain traders or fortune tellers because a part of their duties is to deal in futures. They make the appointments you know.

"Let's see now," the gal says looking at her book, "nothing in February, March, . . . nothing in March." She flips pages rapidly, "April, May, June, Jul--how about August 27? We can take you at 3 o'clock. Oh, you will be on your vacation then. Well, how about 3:30 on October 22?"

One settles for Oct. 22, pretending to be annoyed at the delay but secretly relieved that one can, with good conscience put off climbing in that torture chair. It is a good idea, however, to get something on the record as to what tooth or teeth are giving trouble because by October one will have forgotten. Quite likely one will have forgotten the appointment but the girl will not. She'll telephone you a few days ahead of time to remind you that your number is up.

Of course, if you have an aching tooth -- one that is giving a lot of pain, she will tell you just a minute, and you can hear her saying something to the dentist and then you hear him:

"Tell him to come right up," he says in a hearty voice, "I can squeeze him in between Mrs. Whoosit's bicuspid and Mr. Whatsit's lower left molar."

NOW WHEN a tooth is really aching the pain over comes one's natural fear of a bout with a dentist. One figures that whatever the dentist may do will not hurt as much as that tooth is as at the moment so he grabs his hat and takes off for the dentist's office.

And then a strange thing happens. Suddenly the pain begins to let up. By the time he opens the door to the office the pain is entirely gone but before he can back out and run for it, the girl has his hat, and has blocked his escape route.

"How are we feeling now?" she asks solicitously.

"I only hope," he assures her, "that you and the doctor feel as good as I do. Pain is gone, all gone, Sorry

I bothered you." Well, see you again sometime."

But he knows it won't work. The dentist has made room for him between that bicuspid and that molar and, by golly, he is going to occupy it. Besides the dentist has seen this sudden elimination of pain many times and know that anathesia set up by fear would wear off in a few hours and he had no wish to be called out in the middle of the evening, so in the chair goes the patient.

THESE GALS not only keep the appointment books but mail out bills, order supplies, including subscriptions, two years old, clear away the gore, mix the cement used in filling teeth, keep the dentist supplied with tools, develop x-rays, make plaster models, and listen for hours to that infernal gurgling of a saliva extractor, the moans of the patients and the hair-raising whine and whirl of that dashed-dashed drill. And think of spending a day standing in a position where the only thing you see is somebody's big open mouth.

So if you meet her on the street and speak and she doesn't return your greeting think nothing of it -- she probably doesn't recognize people with their mouths shut.

BUSINESS & FINANCE

BY MAURICE P. ANGLAND

The popular investment advisory services are expressing a more optimistic theme. The old time Dow Theory analyst put considerable weight in the market action of the railroad averages. These analysts expressed an interest in an advancing industrial average, but mostly awaited an advance in the rail averages to confirm the industrial advance.

Railroad common stock is held in much higher esteem by the investing public. Institutional investors have shown good interest in leading railroad equities.

Natural gas suppliers and transmission companies are in favor. Oil equities have been in favor for some time and seem to be gaining still more investment standing. A leading investment service lists oils, utilities, chemicals, railroad equipment and food stocks as being favored by institutional investors.

Most of the leading oil producers have substantial reserves in the ground which are known as to general amounts. These reserves are given comparatively small value as to the book value of such inventories. These reserves are an assurance of continuity of the firm's operations rather than current earning assets.

The automobile group as to the top three leaders, are doing very well and analysts are expecting very satisfactory earnings for 1965.

It is not hard to find optimistic expectations as to market outlook. Dow Theory Forecasts current comments "over all business continues to boom with the index of industrial production at record levels".

CANADIAN AUTO PARTS

The new agreement between this country and Canada as to the abolition of most tariffs on new cars and new parts, is expected to considerably increase the size of the auto industry in Canada. This agreement is now being referred to as a

sort of common-market on autos and parts.

GOLD-HOARDING

Periodically, there are rumors that devaluations may be expected soon in one or more western European countries.

France, rightly or wrongly, is given credit for this jittery attitude on the gold situation. By far the largest amounts of new gold is traded on the London market.

In financial maneuvering from French banking circles, it must be remembered that, the French government controls the banks of the country and the attitudes of the government in foreign relations and pressures, finds expression in their financial maneuvering.

Some French critics believe that DeGaulle is causing the conversion into gold of French balances in this country, in order to pressure us or aid in his ambitions to achieve greater international power for France.

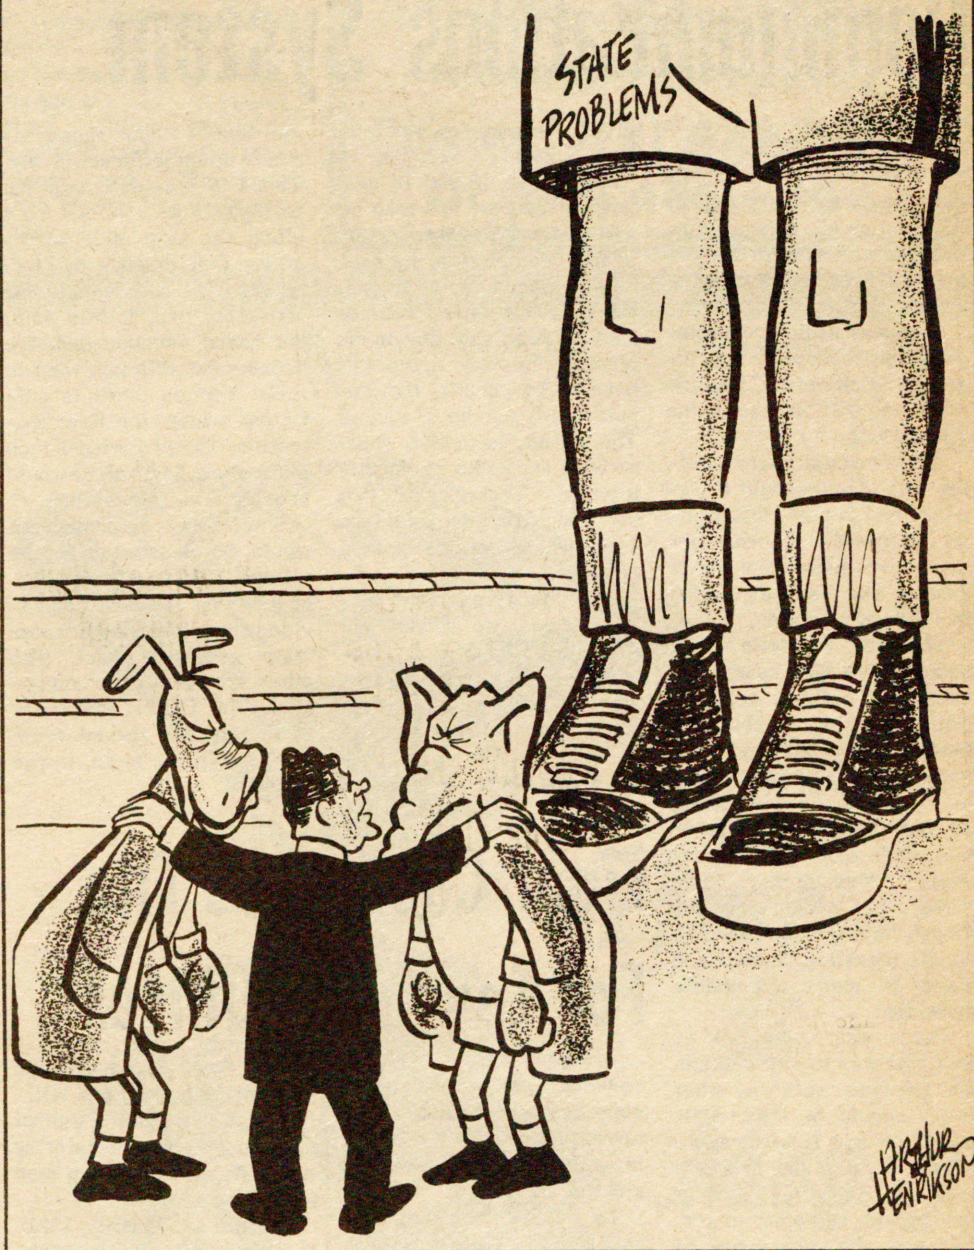

Competent observers note that France is not in an especially solid position as to their economic picture at this time. U. S. News & World Reports comments that French industrial production is slowing with steel orders down and that employment is lower and with fewer working hours. France has had a greater labor cost rise than price rise with result smaller profits and business investment plans cautious.

BANKING

The large banks in Chicago are, quite naturally, disturbed by the drift of business firms to the suburbs and further. To compensate for this shift, there has been a determined effort to have the legislature start legislation for branch banking.

Banking history of this country would indicate close scrutiny of any drift to branch banking. Branch banking will have an effect on most of the business community activities and give large influence to small numbers.

EDITORIAL

A Crucial Year, This 1965

There were no surprises in the President's State of the Union message. It simply wrapped in one ably organized package the various major programs he had been advocating since he succeeded to office. The proposals, naturally, were presented in generalized terms; subsequent messages to Congress will deal with the specifics.

One novelty was that the speech was made at night, thus assuring the President of the largest possible television and radio audiences. This was another example of his flair for making the most of every opportunity to communicate with the nation.

Essentially, Mr. Johnson offered a fairly brief blueprint of what he terms the Great Society. In principle, and aside from differences in scope and approach which vastly changed conditions made inevitable, this goes back to Franklin Roosevelt's New Deal. It assigns to the federal government powers, obligations and responsibilities which in other days were almost universally considered to belong to local government or to private initiative. The question now is just how far Congress will be willing to go in granting what Mr. Johnson asks and in appropriating the enormous sums required.

The programs cover just about every aspect of national life -- medicare, to provide certain health benefits to the aged through the social security system; massive federal aid to education; a doubling of spending for his so-called way on poverty; urban improvement; stepped-up natural resource conservation; crime prevention and delinquency control; a national foundation of arts; and so on. All of these ideas have been urged by others, but never on so great a scale or with so strong an effort to create a sense of urgency.

It is widely believed that the magnitude of Mr. Johnson's victory in the campaign, and the heavy Democratic gains in Congress, practically assures that he can write his own ticket. But this is not necessarily so. A Congressman may support the President, but that doesn't mean that he will favor anything and everything the President proposes. Numbers of influential Democrats, no less than the Republicans, are deeply concerned about continued deficit spending. The powerful Senator Byrd, for instance, has called on the President to "exert every effort to get the country out of the red." Then, beyond the financial aspects, there is still a great deal of feeling that more safeguards must be erected to keep state and local government from becoming totally dependent on the federal government. These views will be heard as the Administration proposals are considered, and the big question, now unanswerable, is how much weight they will carry.

Foreign policy, most especially as it applies to Viet Nam, is a growing cloud on the Administration's horizon. Mr. Johnson's message offered little in this area. So far, apparently, the idea is to keep on in Viet Nam much as we have in the past, even though this approach, in the view of most experts, has been an ominous failure. Many are now forecasting that we may actually write off Viet Nam, Southeast Asia, and much of the Pacific. Joseph Alsop has said of that prospect: "America has literally never suffered real defeat, final and irreversible defeat. But that is just what looms ahead."

This is, indeed, a crucial year in which far-reaching decisions must be made on many fronts, at home and abroad.

Push Plans For Central Communications System

Arrangements are to be made at an adjourned meeting of the village board to be held next Monday night for installation of a central communications system to serve the different departments of Orland Park.

Two-way radio and a telephone switchboard are included in the plans. The installation will be made at the village hall.

At the regular board meeting this Monday night it was adjourned to next Monday after discussion of what became two major topics, ice skating and Fairway drive in Fairways Estates.

Trustee Wendelin Seng reported to the board that excavations in a tract in Fairways Estates that belongs to the village make for hazardous skating. There is a section, he said, about 30 feet long and 10 to 15 feet wide that is eight feet deep. Youngsters skate there, he added, and he thought that if the ice became unsafe the village should take steps to avert a possible drowning.

There was some talk about who was to say whether the ice was safe and what steps should be taken if it wasn't. It was finally resolved by turning the problem over to Fire Chief Arthur Granat with authority to act.

It was the consensus of opinion that signs warning against use of the ice might not be too effective but it was brought up that sand and cinders spread over the hazardous section would take care of the situation.

The excavations were made by the developer in the removal of black dirt. He is to backfill the excavations but that work cannot be done until spring.

Richard Tucker, developer of Fairways Estates, assured the board that Fairway drive, which is in need of repair or rebuilding, will be made to conform to specifications.

Tucker has several bonds covering satisfactory completion of work in the subdivision and he suggests that these bonds be cancelled and replaced with one bond that would blanket the project. He pointed out that these estimated cost of street and

other work to be completed is around \$22,000. He would leave \$8,000 in cash now on deposit and take out a bond for \$25,000 to assure proper completion, he said.

The board will discuss the proposal later. Trustee Lloyd Cowan said that in his opinion Fairway drive will have to be rebuilt, that repairs will not be adequate. The street, he added, must be built according to specifications. Tucker said that the specifications would be met, whatever the method employed.

The board rescinded action taken two weeks ago to require the F & L Construction Co., to put in a 6-inch watermain along 144th place from Jefferson street to U.S. 45. The construction firm plans to build an apartment building across

the street from those already up on Jefferson street. There is a 6-inch main that is tapped into a 4-inch main along the east side of the street that extends to 144th place. This is adequate for household use, it was said, but board member and fire department officials want to make certain there is sufficient water for fire protection. The proposed 6-inch main along 144th place would provide this, they said.

Since this improvement would be beneficial to the village, Trustee Cowan suggested that the cost be provided from the surplus water main extension fund. The other trustees were agreeable. The F & L apartment would not be served from the 144th place main, it was stated.

Eight Candidates File For Township Offices

A supervisor, town clerk, assessor, collector, highway commissioner and three town auditors will be elected in the Orland township election April 6.

To date eight candidates have filed petitions with Town Clerk Ralph Agate. Last day for filing such petitions is Feb. 15.

Those running will appear on the ballot as independents.

So far there is one contest, for the office of assessor. William E. Kane, 14712 West ave., who was appointed to the office Jan. 1, this year, is a candidate for a regular term. Also a candidate for the post is Lester H. Rochrohr, of 17251 Olcott.

Fred E. Yunker, 149th and Wolf rd., who has served as supervisor since 1936, is a candidate for re-election. Also seeking re-election are, Highway Commissioner Carl M. Bormet, 80th ave. and 164th st., who was first elected in 1937; Township Collector Margaret Loebe, 9952 W. 144th st., a real estate dealer who was first elected to the office in 1957, and two town au-

ditors, Owen C. Maue, 179th st. and 108th ave., and William E. Korn, 16150 S. Laurel drive. Both are completing their first terms having been elected in 1961.

Russell M. Whitney, 15215 S. 109th ave., who is finishing his term as town auditor, having been elected in 1961, is a candidate this year for town clerk. Mr. Agate, who has held the post since 1949, is not seeking re-election.

Letters To The Editor

THIS CITIZEN HAS SOME QUESTIONS

Dear Sir:

As a native of Mokena I have seen many changes made in the village over the years - some good - some bad.

The village residents may be justly proud of our new grade schools, churches, business establishments and widening of the main street, but, I am sorry to say, there are not enough good things to

THE GOOD OLD DAYS--When Steak was six cents a pound, John Schuetz opened a meat market in Chicago (1886) and began a business that has continued for 79 years and has reached its highest point to date with the opening of the new Mr. Ed's IGA Super Market at Orland Shopping Center. Edward Schuetz Sr. and Edward Schuetz, Jr., son and Grandson of John Schuetz now operate the family business. The new store shown here thru a photo by Pearson is a far cry from the establishment opened by John Schuetz. The new store is modern thruout and has all the conveniences sought by shoppers.

Mr. Ed's Grand Opening Caps 79 Years As Grocers For The Schuetz Family

offset the numerous wrongs that are a mark against the village and future growth.

First, I would like to point out I am not against the community growing in size with the erection of apartment buildings, but would like to know why the village board allowed the recent apartments located on Wolf road to be built without a back door. What about the fire ordinance? Oh, I have been told "it is not against the local fire ordinance and in case of a fire it is assumed the occupants will climb out of the windows because they are on street level." What happens if the windows don't open? Again speaking of dwellings, why does the village board oppose the owner of the former Charles Geuther home located on School House road, to remodel the dwelling into two apartments when there are six other such buildings in the community? One reason, I have been told, is that a member of the village board did not want an apartment near his home.

Then there is the cry "we need new industry in the village". A new industry is trying to get a start in business and in the village but again the village board is doing everything in their power to oust the business because of a zoning clause. Then why did they let a local contractor erect and build wooden cabinets in a workshop located in the rear of his property that was in a strictly residential district and had no permit or zoning clause to do so.

It just seems to me that

A total of three generations, and 79 years in the grocery business will be capped this week by the grand opening of Mr. Ed's IGA Foodliner in Orland Park. The Schuetz family food business was begun back in September, 1886 by John Schuetz. Now his son Ed and Ed's son, Ed Jr. are carry-

ing on the tradition. The first family store was a meat market located at 356 W. 47th st., Chicago. It was a meat market and beef carcasses were hung around the walls of the store. Being without electric refrigeration, as we know it today, all the meat was laid out on chopping blocks and open counters. Prices ranged from ham at 9¢ a lb., home made sausage at 10¢ a lb. and steak for 6¢ a lb.

John Schuetz moved his business to 77th and Racine in Chicago and retired in 1940 while his son Edward J. Schuetz carried on the business. Edward Sr. opened his first store 36 years ago at 423 E. 75th, Chicago. In that store, Swift and Co., Chicago meatpackers, used the store as a test market to sell pre-packaged fresh lunch meat, an innovation of 1929.

The Schuetz stores expanded and additional stores were opened at 406 E. 75th, 82nd and Ellis and 100th and Yates. By this time Ed, Jr. was helping his father with the grocery business. In 1958 the Schuetz family opened their first store in Orland Park. For 23 years the Schuetz stores have been associated with the Independent Grocers chain.

MR. AND MRS. ALVIN SORENSEN

Mokena Couple To Observe 25th Anniversary Feb. 6

In honor of the 25th wedding anniversary of Mr. and Mrs. Alvin Sorensen an open house will be held from 2 until 8 o'clock in St. Mary's gym hall, 195th st. and 115th ave., Mokena on Saturday, Feb. 6.

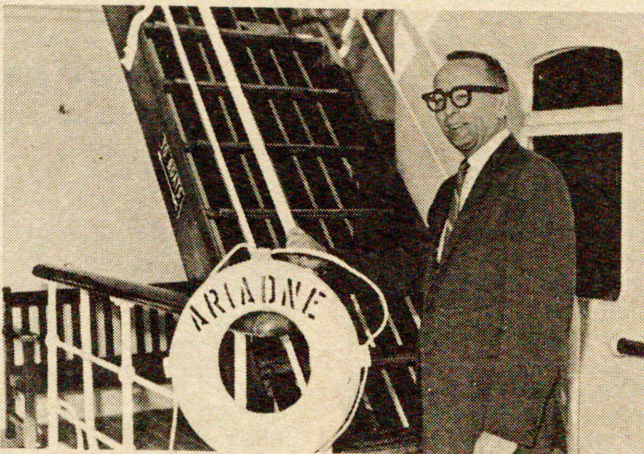

No invitations have been issued but all relatives and friends are invited to attend the mass on Feb. 6 at 8 a.m. and the open house.

The open house will be

given by the couples children, Diane, Marilyn, Joan, Patricia, Laurence, Robert, Stephen and Allen. Mr. Sorensen and the former Rita Gunhouse were married in St. Mary's Church, Mokena, Feb. 3, 1940. Mr. Sorensen has been employed by the General Electric Co. for 38 years and has been the village clerk of Mokena for 20 years. (Lorraine Photo)

THE GARMAN BROS., Matthew and Joseph, will tapdance to "The Johnson's Rag," at the Martinique, Evergreen Park, at a special afternoon dinner show for all the family on Jan. 31. The boys are sons of Mr. and Mrs. Ben Garman, Orland Park Hills, and students at the Dee Render School of dance at Worth.

MERRILL COOPER, of Regal Travel, Orland Park, recently returned from a delightful cruise aboard the completely air-conditioned luxury steamship Ariadne, sailing from Port Everglades, Ft. Lauderdale. There were calls at Nassau with shopping ... swimming ... and time to enjoy Bahamian night life ... then a daylight sailing to Freeport with a visit to the hotels and casino at night ... plus all the fun and relaxation of shipboard life.

Mr. and Mrs. Frank Gottlieb, 194th st., Mokena, announce the engagement and forthcoming marriage of their daughter, Mary Frances to Norman Crittenden, son of Mrs. Blanch Crittenden of Galesburg, Ill.

Miss Gottlieb is a 1960 graduate of Lincoln-Way high school and graduated in 1963 from St. Mary's School of Nursing, Quincy, Ill. She is presently employed by Galesburg State Research hospital at Galesburg.

Crittenden graduated from Galesburg high school, attended Western Illinois university and served four years in the U. S. Navy. He is presently employed by Gale Products, Galesburg.

The wedding is planned for Feb. 13.

Thunder Storm, Snow, Ice And Cold Envelop Area

Old Man Winter, who had been confining his efforts more or less to feints and light jabs, finally settled down to business and came in with the old one-two at the close of last week and the beginning of this one.

An ice storm gripped the area Saturday night and Sun-

day and still held it thru Monday forenoon. State cinder trucks failed to traverse Wolf road in Will county north of U.S. 30 and U.S. 30 was in bad shape from the ice east of New Lenox in Will county Sunday, according to residents of the area.

A state truck finally scattered cinders on Wolf road in Will county late Monday forenoon after complaints had been made to state police

of the hazardous condition. Cars from the south had a good road surface to travel on in Cook county but on topping a rise at the border of Will county drivers suddenly found themselves confronted with glare ice that prevailed until the village of Mokena was reached. Mokena had cinders out at in-

tersections but south of the limits there was ice again to U.S. 30.

Heavy rain fell Monday

night with a thunderstorm about 2 a.m. Tuesday morning. The rain changed into wet snow, sometimes mixed with sleet, before daylight Tuesday and road crews were out with snowplows to

keep traffic moving. Most drivers geared their speed to conditions and kept accidents to a minimum. Highways were quite hazardous and lower temperatures were moving in.

Settle Claim Against Wabash

A suit for wrongful death and a one for personal injuries as a result of a grade crossing crash at Orland Park has been settled out of court in Chicago.

The action resulted from a collision between an automobile and a Wabash railroad train on the 143rd street crossing in May, 1952.

Mrs. Rose Lyng, Chicago, and her two sons, Harold, 16, and Edward, then 19, were enroute Orland Park to visit her daughter, Mrs. Rita Schweiger. Edward was driving. He escaped injury but his mother suffered some fractures and his brother fatally injured.

Suit for \$40,000 was filed thru Attorneys James A. Dooley and Noah Walker, of Chicago. The case was settled out of court this week for \$8,750. The fact that Harold Lyng had no dependents and did not contribute to the support of anyone was taken into consideration in arriving at a settlement.

It's fun to spend money

Everyone likes to spend money. And these days we have more wonderful things to spend money on than ever before.

But spending is most fun when you're buying with money that's already yours. Money actually in your possession — or in your savings account.

Yes — it's lots of fun spending money! And it's fun to save, too — knowing that in the future you can spend when you're in the mood to do so.

You'll like saving at Archer-Hoyne — either by mail or in person. It's simple . . . it's safe . . . and you share in association earnings twice each year. Best of all, the money is yours when you want to take the family on a spending spree!

Elect New Secretary Of Kindergarten Group

MRS. EDWARD HOVI
Telephone 479-5740

The Arbury Hills Kindergarten Organization held their regular monthly meeting at the school on Tuesday evening, Jan. 19, at 8:30 p.m.

A special election was held to replace Mrs. Joseph Farnham, who had resigned as recording secretary because of her health. Mrs. Richard Hendrickson was elected to serve out the remainder of the term of office.

The First Nighters will hold their regular monthly meeting at the home of Mrs. Roy Sipin on Birch ave., on next Thursday evening, Feb. 4, at 8 o'clock.

The Teens Club held their second January meeting at the school Jan. 18. There was a special election at that time in which Jim Surma was elected as secretary.

It was decided to sell chocolate candy as a fund raising project for the organization within the immediate future. The date has not been definitely set as yet.

The next meeting of the group will take place at the school on Monday evening, Feb. 1, at 7 p.m.

There will be a meeting of the fathers of the Cub Scouts tomorrow evening, Jan. 29, at 8 p.m. The boys will not attend this one meeting, just the fathers. They are to plan for the annual Blue and Gold banquet, to be held on Feb. 27. Due to the increased number of boys in the cub scout program this year, the banquet will be held in St. John's Church in Mokena.

The regular monthly newspaper drive of the Summit Hill Boy Scout Troop 10 will be held next Saturday morning, Feb. 6, beginning at 9:30 a.m.

Jean and Glen Pierce of 9455 West Pine ave. became the parents of their fourth child, Scott Martin. They now have two boys and two girls.

He was born at St. Jame's hospital, Chicago Heights, Jan. 11, weighing six pounds 12 ounces.

The three older Pierce children are Kathy, 8, Michael, 6 and Tammy, 4.

The Brownie Scouts of Troop Number 334 will have a field trip to the Park Forest fire house this after-

noon, Jan. 28. They will be given a tour of the place and an explanation of the workings of the equipment.

The second birthday of Brownie Scout Troop Number 332 will be celebrated Feb. 1, re-registration day for scouts. These festivities will include a birthday cake and flag ceremonies.

Tentative plans are in the workings for a combined outing of the six nearby troops

of Cadettes Scout Troops. Approximately 50 girls from the six troops are expected to attend a roller skating party to be held at the Tinley Park rink. The tentative date for the outing is Jan. 30.

Our own Cadette Scouts in Arbury Hills are planning a trip to an old peoples home in Joliet Feb. 13 to give them a Valentines Day party. The girls are planning to perform skits for the residents and pass out tray favors for everyone there.

The troop also plans on "adopting" either a grandmother or a grandfather for the troop to care for in a special way. The home will inform the girls shortly who their new grandparent will be.

The Junior Scout Troop will have their special treats, provided by Mrs. LeRoy Harris, the co-leader for their Feb. 1 celebration. At that time there will be three girls inducted into the troop; Christine Dougan, who will be rededicated, since she had previous girl scouting in her former hometown; and two sisters Vivian and Vickie Hinsley will be dedicated for the first time into girl scouting.

There will also be six patrol leaders, recently elected by the girls them-

selves, dedicated: Nan Kronick, Janice Maschmeyer, Donna Kennard, Betty Halter, Merry White, and Susan Kilgore.

The troop has been divided into six patrols this time due to the large number of girls in the troop.

The Summit Hill Parent-Teacher Group is planning a two-part program on what is being done in the school systems for the exceptional child. The first of two parts of the program is scheduled for Thursday evening, Feb. 11, at 8 p.m. at the school. At that time Jerry Wexler, the social services departmental head at the Tinley Park state hospital, will talk on the retarded child.

The second of the two part program will be presented at the March 11 meeting of the group, at which time H. James Wrath, superintendent of the school, will talk on the gifted child.

There are still a few openings for acts for the upcoming talent show presented by the Parent-Teacher group at the school on March 13. The rehearsal dates have been changed with one on Tuesday afternoon, Jan. 26, and the other on Tuesday afternoon, Feb. 2, both at 3:30 p.m.

Mrs. Al Behnke wishes to remind all the young people participating in the program to bring all the necessary equipment for their acts with them to the rehearsals.

The talent show will be presented on March 13 for two performances; there will be an afternoon show for the youngsters at 2:00 p.m. and an evening show preceded by a buffet supper beginning at 6:30 o'clock. The show itself will start at 8 o'clock. Tickets for the evening show and buffet supper have been set at \$1.25 per person. The price of the afternoon show has not been definitely set as yet.

A reminder to all organizations that there will be

the second annual parade in Arbury Hills to mark the opening of the Arbury Hills Boys Baseball season on Sunday afternoon, May 23. It is hoped that all local

organizations will be represented in the parade. Please contact Mrs. Al Behnke at 479-5184 to enter your organization in the parade. All organizations must be mark-

ed in the parade by a sign. It was decided that there would be first, second, and third place trophies awarded this year for excellence of the parade entrants.

Commission Of Missions To Sponsor Supper Sunday

Telephone 479-3521
The Commission of Missions of the Mokena Methodist church will sponsor a sandwich, salad and dessert supper, Sunday, Jan. 31 at 6:30 p.m. in Fellowship Hall.

Following the supper a program will be presented by Rev. and Mrs. James Swain, former pastor of the Green Garden Methodist church, on their experiences as missionaries in India, where they were teachers in the mission schools. Colored slides will illustrate his lecture and visual aids will be on display.

Rev. Swain is at present a student at the University of Chicago, where he is furthering his studies.

The pastor will speak at the 10:45 a.m. service in the local church, Sunday, Jan. 31 on "Only the called are Talented".

An invitation is being extended to the public to attend the lecture program.

Two new members, Mrs. William Miller and Mrs. Ernest Westphal, both of Mokena, were welcomed into the group, when members of the

Frankfort - Mokena Home-makers Extension unit met recently in the home of Mrs. Raymond Westlund. Mrs. Marie Bettenhausen of Frankfort attended as a guest.

During the business meeting, it was suggested to name a co-hostess in serving due to the increase in membership.

The major lesson "Physical Fitness related to Health" was presented by Mrs. Marianne Carnahan, Home Advisor.

At the February meeting members are asked to bring a valentine for exchange to answer for roll call.

Local leaders, Mrs. Charles Neuls and Mrs. George Smego will give the major lesson on "Guiding the Child's Character and Moral Development" with Mrs. William Seeman providing the minor lesson on "Combating Loneliness".

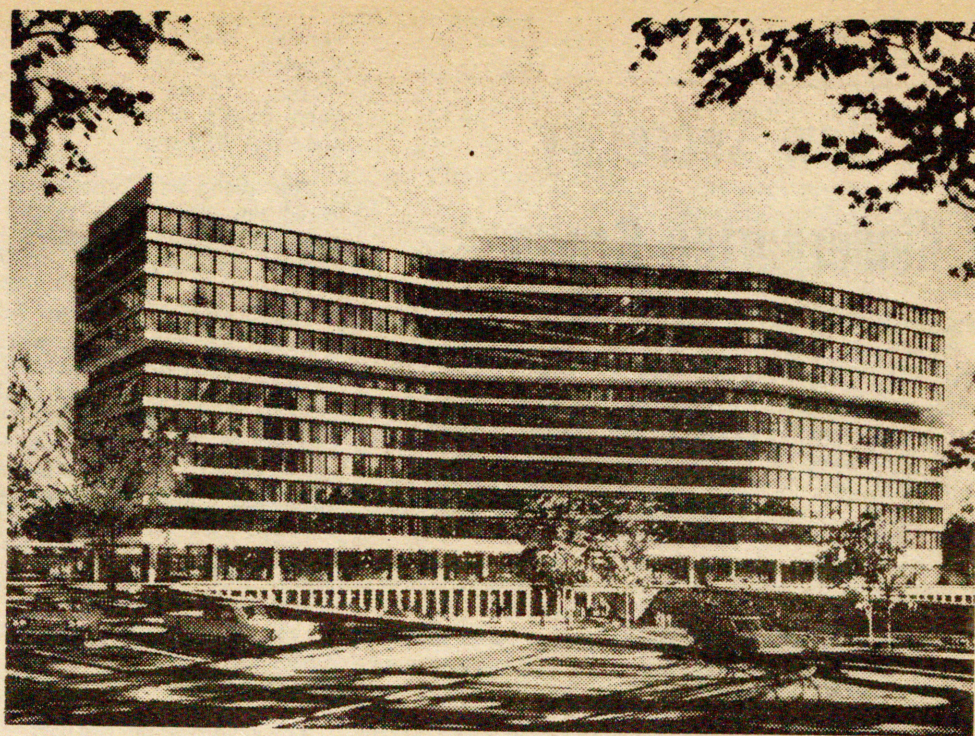

The meeting will be held in the home of Mrs. Leslie Bignall on Tuesday, Feb. 16.

Honor Three Selected As Top Citizens Of Mokena

More than 200 persons ignored adverse weather conditions last Saturday night and turned out to do honor to the trio selected as Mokena's outstanding citizens by the Mokena Chamber of Commerce.

The dinner was given in the main lodge of Camp Manitou, Sauk trail east of Frankfort. The Rev. Dr. A. J. Bueltmann, pastor of Immanuel Lutheran church gave the invocation; Mayor Charles Swanburg was master of ceremonies and Everett J. Cooper, Mokena State bank president, presented the plaques to the outstanding citizens.

The first presentation was made to Father Cecil Koop, O.F.M., who this month is in his 11th year as pastor of St. Mary-Catholic church. His first assignment as a priest was to a parish at Humphrey, Neb. Later he came to the Chicago area and served there for several years before he came to Mokena. Thru his leadership the parish is now in the process of completing a 16-room elementary school, and a convent have been built. Church, school and convent are valued at half a million dollars. Besides his duties as a priest, administrator, finance officer, and general overseer of improvements, Father Koop is also groundskeeper and school bus driver.

Next to receive his plaque was Robert O. Geuther, who is manager of advertising and assistant secretary of the Hudson Manufacturing Co., Chicago. He served many years on the Mokena grade school board, most of the time as president. He also has served on the village zoning board and has completed his 14th year as president of the congregation of Immanuel Lutheran church. He also is a director of the Lutheran Child Welfare Association.

The Lutherans built a new parsonage several years ago on a site they had purchased on LaPorte rd. This year the building committee, of which Mr. Geuther is chairman, is getting work started on a new church there which is scheduled to cost

CHARLES SWANBERG

\$140,000.

The final presentation was made to Mrs. Florence Pitman who has taken a deep interest in all things that affect the village, beneficially or adversely. A graduate of Cornell university, Mt. Vernon, Ia., she taught school in various communities before finally coming to Mokena as a teacher. She has remained here since.

Mrs. Pitman stirred sufficient support in the village to restore and preserve the Pioneer cemetery on Wolf rd, where a soldier of the American Revolutionary War is buried. She chose the name for Lincoln-Way high school and has served as correspondent for many years for the News-Bulletin and the Joliet Herald-News. She was active in the plans for the pageant staged by the Woman's club two years ago and is the author of "The Story of Mokena", which was published last spring. Mrs. Pitman is also active in the Mokena Methodist church.

She was given a standing ovation on completion of her remarks.

The benediction was pronounced by the Rev. Robert J. Watson, pastor of the Mokena Methodist church.

Before the presentation ceremonies began Mayor Swanberg introduced John Langland, the retiring Chamber president, and the new head of the organization also was introduced, Col. Frank Grey. Both spoke briefly.

Orland Pk. Grade Board Discusses Referendum

The Orland Park grade school board devoted a portion of its recent meeting to a discussion of the bond issue and educational fund tax rate increase referendum of last November.

The proposals were beaten at that time and Gordon Bendix, who served as general chairman of the Citizens Bond Issue Committee, had some comments to offer at the last board session on probably causes of the failure and some suggestions for the future.

He pointed out that to a large extent the campaign last fall was based upon the reputation of the school and its board, stressing their ability to ascertain the needs of the school. Apparently this wasn't sufficient evidence to convince a majority of the voters that building facilities and additional funds were needed now to provide for the

growing school population.

Organized opposition, concentrating on the theme, "Keep Taxes Down," was able to muster enough strength to beat the referendum, it was said.

Proponents of the measures believe that if the opponents had based their actions on sufficient and accurate information they would have voted for the issues.

The need to work with all leaders of the community appears to be of paramount importance for success in the future, the board agreed.

"The needs of the district become more acute with each passing month," said Ernest Bengtson, board president, in summarizing the discussion. "It is vital that the community be accurately informed of the district's needs. We must convince all to support good education by helping to sustain our present school program. To this end the board will direct its efforts in the weeks and months to come."

Re-Elected Director

Albert H. Krusemark, Frankfort, was re-elected to a fourth consecutive two-year term as director of Pure Milk Association district 13 at the district's annual meeting at Joliet, Jan. 19.

District 13 officers re-elected to one-year terms were: Richard Erickson, Mokena, president; Alton L. Thompson, Peotone, vice-president, (newly elected); Edwin Meyer, Joliet, secretary-treasurer; Stanley Peterson, Seneca, re-districting committeeman; Leonard J. Bols, Morris, resolutions committee man; and Milton W. Bettenhausen, Tinley Park, inter-cooperative relations committeeman.

Featured speaker was A.L. McWilliams, PMA general manager.

PMA checks were presented by Director Krusemark to Donald Haacke and Herman Haacke, to cover milk market losses sustained as a result of a fire

on their farm.

A 25-year PMA membership pin was presented by Krusemark to Irving Hauge, Morris. Krusemark said that other quarter-century PMA membership pins would be sent to Otto Schoeling, Donald C. Wilke, and William Schoeling, all of Frankfort.

What
to tell
your
baby sitter
before
you
leave

We suggest that you give your baby sitter a list of important telephone numbers before you leave.

For instance, she should know —

- where she can reach you;
- the telephone numbers of your doctor, the fire and police departments, and your neighbors;
- that the Operator is experienced in getting help in any emergency.

All your sitter needs to do is dial zero.

Keep this list of numbers close to the telephone, in a conspicuous place.

Send for your "baby sitter's helper"

As a convenience to your sitter, and for your protection, we have prepared a "Baby Sitter's Helper." It's a 4 x 9 inch cardboard poster with specific places for you to list all the important telephone numbers suggested above.

Use it over and over again

The "Baby Sitter's Helper" is made of good stiff cardboard for long wear. Another feature permitting repeated use is an erasable slate. Use it to write down the number where you can be reached that evening. When you return, you merely lift the translucent paper and the slate is clean and ready to use again.

Easy to get; easy to use

Your "Baby Sitter's Helper"—with its special pencil and holder—is available for ten cents to cover the cost of mailing and handling. Just send in the coupon below. Both you and your sitter will appreciate the added assurance that it can give.

Eagles Win Two, Knights One, In Week-End Play

Sandburg Takes Morton East, No. 5 In State

BY ED PETERSON

Last Week-end featured the Eagles' greatest victory thus far this season as they trampled the Morton East Mustangs in a non-conference battle. Previous to this game, Morton East had been ranked as the fifth best team in the State. This Eagle triumph marked the highest scoring output of the year for the Sandburg five as they pumped in 85 points, three tallies short of the alltime school record of 88, set against Evergreen Park last year.

Tremendous individual performances were displayed by a number of the young Eagles in this all-out effort. Drew Corley led all scorers with 31 points. This ties his personal career high which he set against the Reavis Rams earlier this season. Bruce Hyink, 6'9" center, was next in line for the honors as he dropped in 26 tallies. Doran Harding was the determining factor on the hardcourt with his fine assists to the big men underneath. Harding also got 12 points. As a team, the Sandburgites made 39 points on free throws alone.

High scorer for Morton East was Mike Posen with 16 points on 8 field goals. Fuka and Vashinko had 10 points apiece while Dave Peters nailed down 12.

A great defensive effort was made by the Eagle five as they held their opponents to 57 points, a trifle to the powerful Morton East offensive unit. The Mustangs jumped out to an early 11-5 lead in the middle of the first quarter but midway in the second period the Eagles had knotted the score at 19 all.

From that point on it was all Sandburg as they walked away from their opponents like they were standing still. The final score read 85-57, a 28 point bulge.

Screen Actor At Triple R To Discuss Racing Plans

Robert Mitchum, screen actor, who is actively interested in quarter horse racing, spent last week at the Triple R Ranch of Tom McKay, east of Frankfort, discussing plans with his host for a 30-day race meet to be staged at the Triple R next fall, Sept. 10 - Oct. 10.

Mr. McKay, who is a practicing attorney in Chicago, is disposing of his show stock and turning his attention to quarter horse racing. After all, it was pointed out, a quarter horse's vocation is working cattle; his avocation is racing and between following the two he has little time for show business.

It should also be added that while a boss may make a living cutting cattle the real money is in racing. Mr. McKay found it profitable last year, the Triple R string bringing in \$112,000 thru racing, and it is assumed the horses made out very well too.

Details on the proposed racing meet at the Triple R

A disgruntled Morton East bench left the gymnasium two minutes before the final gun sounded leaving the five men remaining on the court to play it out alone.

Upon leaving the game, Hyink, Broman, Corley, Harding and Miller received a standing ovation from the Sandburg cheering section.

Pandemonium broke loose as the game ended with Roland Roth at the charity stripe, shooting two. Upon taking his second shot, Roth and his 14 team-mates were mobbed by Eagle fans in a dis-play of school spirit not often witnessed at Sandburg.

The preceding night the Eagles had beaten an inspired Reavis five by a slim 7 point margin as Hyink plunged through 28 points. Corley scored 7 even tho he was double-teamed for most of the night. Broman dropped in 7 tallies in the effort as Harding again was deadly in the assists department.

The Reavis victory set the conference record standing at seven wins and one loss, dealt at the hands of the Knights of Lincoln-Way. The second battle with the Knights will be on Feb. 12, two weeks from now. This is the one which the determined Eagles are looking forward to winning.

The overall record of the Eagles stands at 13-5, 3 of these losses coming at the very beginning of the season, before the Sandburgites realized where their strength was.

Friday night action will be at Homewood Flossmoor for the second battle with the fading Vikings. Their first encounter ended with an easy Eagle victory. Homewood's threat is their first showing against Sandburg was 5'7" senior guard, Dave Hladky.

next September will be available later.

While here last week, from Jan. 18 thru Saturday, Jan. 23, Mitchum bought two yearlings and a weanling from the Triple R. Another Californian, Tim Wallace of Los Angeles, who was also at the ranch bought eight head of 2-year-old show horses.

L-W AND SANDBURG wrestlers had a conference contest last week-end which Sandburg won in easy fashion. This top photo here shows a pair of grapplers- they are always so knotted up one has a difficult time identifying them unless they are kinfolks - getting into the spirit of things. With both down the referee is down too, ready to start a count if necessary but apparently they came out of that and are up again. This is where he came in, the referee indicates. Eagle Grapplers Bury Lincoln-Way, 38 To 8

BY MARTY BARNHART

The Eagle grapplers of Carl Sandburg, last Friday breezed to an easy 38-8 victory over the Lincoln-Way Knights.

The Eagles started out the meet on a good note with sophomore Danny Peterson winning by forfeit. Larry Clark then added three more points to the Eagles score with a 4-2 win.

It was at the 112 lbs. weight class that Lincoln-Way scored one of its two victories. George Powers, after losing 20 lbs. in one week, was the victim of a Lincoln-Way pin.

Tom Osting then scored a 3-1 win, followed by a pin by Bob Hunnewell.

Bob Fitzpatrick scored another Eagle victory with a 6-2 win, which was followed

by wins posted by Larry Cobden (7-1), Rick Miller (3-0), and Harry Werner (11-3).

Wally Sobut posted five more points on the Eagle scoreboard, winning by a forfeit. Lincoln-Way then scored its second win of the evening, when Karl Pan-ezek was the man on the short end of a 2-0 score.

Sandburg bruiser Ed Apel wounded up the match with an Eagles pin making the final score 38-8 in favor of the Eagles of Sandburg.

The sophomores faired almost as well, posting a 24-20 victory.

The Eagles next conference meet is Friday night, when the matmen of Oak Lawn enter the Sandburg gym at 7:30.

Lincoln-Way Retains Lead In League Race

BY NORMAN BEEBE

The Knights of Lincoln-Way, who have been leading the SWS Conference basketball standing this season, made it eight in a row last Saturday by overpowering Bremen high, 68 to 53.

In overall competition Lincoln-Way has piled up 13 wins as against three defeats, the defeats having been inflicted by other than league foes. Bremen on, the other hand, has a season record of 12 loses against one win, with six of the losses and one of the victories coming in league play.

Howard Grimes led the way for Lincoln-Way in the game against the Braves. He scored a total of 20 points. He was followed quite closely in the scoring by a sophomore forward, Mike Seitzinger, who came up with a 19-count and right back of him in the tally business was Rich Schroeder, a senior forward, who chalked up 18 points. These three added up 57 of the Knights 68 points. When a coach has three players working in that manner he can find a few moments of peace in the course of a game.

Anderson and Brandsma tied for high points for Bremen with 12 each and Skorupa was next with 11.

Lincoln-Way led thruout the game but there was a time in the third period when the Braves came within a basket

of the Knights. The Lincoln-Ways had an 18 to 18 lead at the close of the first period and 34 to 24 at the half.

The Braves came back strong in the third quarter, racking up nine points in a row, cutting a 40 to 29 lead to 40-38. The Knights rallied, however, and struck back hard in the final minutes of the same frame, registering eight points without a break. When the final quarter began Lincoln-Way was on top 51 to 40.

The soph outfit from the New Lenox school also registered a win over the Bremen sophomores, 54 to 52. Tomorrow night the Nights will be hosts to the Mustangs from Evergreen Park in another conference tilt.

Vote On Tax Needs Feb. 20

Notice that the board of education of High School Dist. 230, which operates Sandburg and Stagg high schools, will hold another referendum on a proposal to raise the educational fund tax rate 21 cents per \$100 of equalized assessed valuation, has been given and the date set for Feb. 20.

The present rate is \$1.13 per \$100 valuation, which is lower than many school districts in the southwest suburban area, it was said. The proposed increase would bring it up to \$1.34.

With the opening of Stagg high school this year the operating costs of the district have naturally risen. The educational fund is used to meet teachers salaries and buy the equipment and supplies necessary to operate the schools.

The student population of the district is growing steadily, it was brought out, and more pupils mean more teachers and more teachers mean that more money is needed, it was brought out.

The present tax rate of \$1.13 would produce \$923,314 on present valuations if all was collected while the proposed \$1.34 rate would bring in \$1,094,903, it was said.

There will be nine voting districts and the polls will be open from 12 noon to 7 p.m.

The polling places are located as follows:

1. - Tinley Park Church of the Nazarene; 2. - Westhaven village hall; 3. - Orland Park grade school on 143rd st.; 4. - Palos school; 5. - Palos township office; 6. - Worthwoods school; 7. - Quin school; 8. - North Palos school; 9. - Trailer Court office, 8800 S. Harlem ave.

Offer Oral Vaccine In Battle Against Polio

Twenty - three public school buildings will be used as polio immunization centers in the campaign to provide Will county residents with Sabin oral vaccine, it has been announced by the sponsors of the campaign. Promoting the endeavor are the Will County Medical Society and the Joliet Junior Chamber of Commerce.

Four of the schools are in the Lincoln-Way high school district -- Oakview at New Lenox; Willowcrest at Mokena and the Frankfort and Manhattan grade schools.

The plans call for administration of the vaccine feedings on two Sundays, March 28 and May 23. The two dates are chosen because two doses are required. Sundays were selected because it was believed more persons could be able to take advantage of the offer.

Pharmacists, PTA groups, Jaycees and other organizations will man the service stations from 11 a.m. to 5 p.m.

Donations of 50 cents per dose are expected from those who can afford to pay but for those who cannot the feedings will be free.

This type of vaccine is

taken orally from paper cups. Needle injections, such as used with the Salk vaccine, are not required. Those who have received Salk shots are advised, by those in charge, to take the two feedings in order to obtain maximum protection for themselves and also to avoid becoming carriers of polio.

Pediatricians working with the SOS campaign advise feeds for babies as young as six weeks. Elderly persons are urged to take the Sabin vaccine for their own protection as well as

their families.

It is estimated that 100,000 Will county residents will take advantage of the opportunity to get this vaccine.

The vaccine will be available at three school buildings

in Lockport township, Parkview at Hampton Park, Lockport Central high and A.F. Hill grade school. Northview school in Colonial Village, Lemont, will also be used.

Dan Albrecht, executive editor of the Joliet Herald News, will be guest speaker at the "Husbands Night" of the Home Study Group. They will meet at the home of Mrs. Jack Cowan, 194 Oakview drive, Saturday evening, Jan. 30. Mrs. Tom Rudin and Mrs. Carl Batson will be co-hostess.

The Ruth Circle of the Methodist church will meet Feb. 2 at 7:30 in the home of Mrs. Harry Geyer. Mrs. Carl Batson will be co-hostess. Mrs. Glenn Ames will have the program and Mrs. Harry Geyer will have devotions.

Plans are in the making for a fashion show to be held March 2 at Fellowship hall in the Methodist church, sponsored by the Ruth Circle. Clothes will be by Penneys store in Joliet. There will be a door prize and refreshments. Tickets for adults are selling for \$1 and for children .35¢.

The Deborah Circle of the WSCS met in the home of Mrs. Wilbur Thackrey. Mrs. Edith Sayers presided at the business meeting. Mrs. Lawrence Carlson led the devotions on the subject, "How Should We Pray?"

Tentative plans were discussed for a book review in March.

David Thackrey entertained the group with several organ selections. Dessert and coffee were served by Mrs. Thackrey, assisted by Mrs. Herbert Nelson. Mrs. Carl Ryden will be the hostess for the Feb. 19 meeting.

The registrar of Oregon State university at Corvallis, Oregon, has notified Mr. and Mrs. Len Warning that their son John is on the honor roll for the fall term. A student must have a GPA of 3.5 or more of a possible 4. John will be a senior in the School of Forestry, starting the winter quarter.

Cadet Paul F. Mlakar, son of Frank A. Mlakar, 141 W. Francis road, marched in the presidential inaugural parade in Washington, Jan. 20 as a member of the corps of cadets from the U. S. Military Academy, West Point, N.Y.

A member of the class of 1966, he was one of the 600 cadets selected to represent the academy in the parade.

The 20-year-old cadet was graduated from Lincoln-Way high school in 1962.

**INTERSTATE GRAVES?**

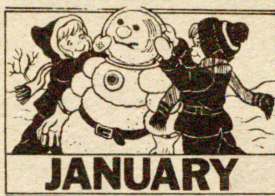

—Because the National La-
bor Relations board has
ruled that a pet cemetery in
Peoria, Ill., was engaged in
interstate commerce the
Teamsters Union has been
granted the right to hold a
representation election
among the employees.
Though none of the deceased
animals are from out of
state, a few headstones did
originate in another state
and that was the basis of the
ruling.

WHERE IT GOES:

Last
year, every American work-
ing an eight-hour day put
in two hours and 21 minutes
to pay taxes, the Tax
Foundation reports.

RED TAPE LENGTHENS

—The Senate Judiciary sub-
committee's new study shows
that the backlog of cases
awaiting decisions by fed-
eral administrative agencies,
is growing.

January 10, 1901 — The
way was paved for the great
Texas oil boom when the
first strike was made in
Beaumont, Texas.

January 14, 1914—A new
assembly line technique for
manufacturing cars was in-
augurated by Henry Ford.
The process proved to be a
valuable time saver; car as-
sembly now took a mere 93
minutes instead of the 12 1/2
hours required under the old
system.

January 15, 1827—A dare-
devil Frenchman named
Chabert made the first test
of the heat resistance of as-
bestos. He entered an oven,
clad in asbestos and holding
a steak in one hand. After
twelve minutes he emerged
safely ready to eat his well-
done steak.

January 17, 1950 — The
now famous Brink's robbery
was staged. Nine bandits
wearing Halloween masks
escaped with \$1 million in
cash and \$500,000 in checks
from Brink's Incorporated, a
Boston armored car service.

January 24, 1848 — The
great California gold rush
began with the first dis-
covery made on John Sutter's
land in Coloma, California.

Frankfort**Boy Scouts Have Week-End
Camp At Sullivan's Woods**

MRS. KATHARINE HEISNER

Telephone: 469-5187

Eighteen boys from
Frankfort's Boy Scout Troop
270, attended a weekend
camp-out, at Sullivan's
Woods recently, along with
Mokena's Troop #40, and
Glen Dale Heights Troop
351.

Frankfort troop was the
host for the event in which
the three units participated.
The outing had been planned
for exploiting winter activi-
ties, but in spite of rain and
warm weather the program
was adapted to fit the ele-
ments.

Friday evening was high-
lighted by an informal get to-
gether where boys and lead-
ers met and became friends.
Saturday morning was de-
voted to the development of
scoutcraft skills and patrol
competition in these skills,
while the afternoon was de-
voted to hiking and a necker-
chief slide contest. Satur-
day night began with first
aid instructions and included
scouting movies, a song-
fest, skits and home-made
ice cream.

Sunday services were con-
ducted at the campsite for
Protestant members of the
group, while members of the
Roman Catholic worshipped
nearby in Tinley Park.

Sunday afternoon the lead-
ers turned "ham" and with
the help of the Cook county
FFO, staged a "realistic"
lost child hunt that left a
number of the searchers in-
articulate when they finally
realized "Suzie" was a
doll - after they had
"rescued" her.
